New Shelf Tags featuring "HowGood" Ratings Help You Shop Sustainably

Our new shelf tags featuring "HowGood" product ratings provide an easy way for you to see whether a product is environmentally friendly and socially responsible. The HowGood system condenses extensive research into a simple rating that is part of the information on the product shelf tag: Good (better than 75% of all food produced in the U.S.), Great (better than 85%), and Best (Top 5%)! Our new shelf tags also show other product attributes such as Organic, Local, Non-GMO, Gluten Free, etc. The HowGood app (from the App Store or Google Play) can be used to scan barcodes for ratings and access to the database of over 100,000 products. For more information visit www.howgood.com

We hope you'll find HowGood to be a useful tool that helps you buy smarter every day!
